I-20 Program End Date Extension Request

Students are responsible for managing their own I-20 program end dates. You can check your 'Degree Audit' by yourself on Populi to see how close you are to graduating. If you have questions, you may make an appointment with the International Student Advisor.

Guidelines:

1. You need to be within six months before the program end date on your I-20.
2. You need to have your request reviewed by the International Student Advisor.
3. If your request is approved, you will need to make a $100 payment to complete the request.

Instructions:
Please complete and submit this form to the International Student Advisor first then it will be submitted to the Academic Department. Once your request has been approved, you will be instructed to pay over the phone or via Populi.

Important: If your program end date expires and you do not have your Extension Request approved, you may lose your F-1 status.
